

CSA Online Subscriptions.

CSA has created 3 new packages on our online subscription service that may be of interest to you and your colleagues.

**3 new packages available on the online subscription service**

**Hospital Facilities (Building) Systems PKG** - this package contains 18 standards and is currently priced at \$2,076

**Sterilization/Infection Control PKG** - this package contains 11 standards and is currently priced at \$780

**Operating Room PKG** - this package contains 28 standards and is currently priced at \$2,184

The Online Subscription Service allows the ability to save the PDF files for offline use and the ability to print. The subscription allows access to English, French and Archive standards where available and no additional cost. I have attached a listing of the standards that are contained in each package along with the instructions to access our demo of the online subscription service should you wish to try it out.
